

Carleton Place & District Horticultural Society

# PLANT SALE

*Perennials, Veggies and More...*

**SATURDAY, MAY 27, 2023**

**8:30 am to 11:30 am**

**Victoria School Museum Garden**

**267 Edmund St, Carleton Place**

**GOOD PLANTS!**

**GOOD PRICES!**

**HAPPY GARDENING!**

**You will always find at least  
one plant to take home...**

Gardens and lawns are appreciating the soft rain we are enjoying this morning as are the 500+ potted perennials that have been donated and potted up by CPDHS volunteers for this Saturday's CPDHS Plant Sale. One the widest variety of perennials I've seen at a horticultural society plant sale. There are also more than 100 tomato plants of various varieties, 3 varieties of canna lilies, house plants, and much more.

The plant sale ***opens at 8:30am on Saturday morning*** at Victoria School Garden which is on the grounds of the Carleton Place and Beckwith Heritage Museum at 267 Edmund Street in Carleton Place. ***Low, Low prices! Most plants are priced less than the \$10 maximum, with some as low as \$1.*** Don't miss this opportunity to fill in bare spaces in your garden, add a potted plant to your patio, or bring a new houseplant into your home. There is something for everyone!

Here are some of the plants that will be available:

Looking forward to seeing you all on Saturday morning :)

Happy gardening, Rick

***PS: More volunteers needed***

We need more volunteers to move plants to the Victoria School Garden on Friday afternoon-evening. We have 2 vans, a couple of cars, and one pickup lined up so far...another van or pickup would be very helpful. Also need volunteers to load and unload plants on Friday evening. *'Many hands make light work'*. Reply to this email if you can help out.

What a beautiful weekend we have coming!

Preparations are well underway for the **May 27th CPDHS Plant Sale**. It is the primary fundraiser that enables the good works of our society and is critical to our ongoing success.

**Something new this year** ..... we are arranging volunteers to help donors who are unable to dig and divide their perennials but wish to donate to the plant sale

This morning **we dug hostas from the first donors' garden**. Some really good quality plants. The donors have a beautiful and active garden, - all of the plants were carefully dug divisions of their mature planets.

**If you have plants to donate** to the CPDHS plant sale that you need help digging, reply to this email and I'll arrange for qualified volunteers on a day and time that works for you.

Most of this morning's donations are in 12" or bigger pots (also donations). The plants will be divided and potted up on Tuesday morning, the first potting up day. **If you would like to help with potting up**, drop around to our house on Tuesday morning at 9am (238 Lyndhurst St - Mississippi Rd and Lake Ave area). The coffee pot will be on.

Special thanks to Debbie Guthro who was on the job with me at 9am this morning. Volunteerism is a wonderful thing. **If you would like to volunteer to help with other digs**, reply to this email.

Debbie took this photo of my most flattering profile while digging this morning... lol

Whether you are donating plants, volunteering to help with any of the plant sale activities, or planning to buy plants at the sale, the 2023 CPDHS Plant Sale is an opportunity to make a difference!

***BTW. If you have plants that you can dig up to donate***, you are welcome to drop them off at our house any time between now and and the sale. Sooner is better so we can be sure to have them potted up, labelled and ready for the sale. (238 Lyndhurst St... by the garage or by the gates).

Happy gardening,

Rick on behalf of Doreen and the Plant Sale team
