native plants  
house plants  
vegetable seedlings

**GREAT PRICES!**  
garden tools  
expert advice  
fun for all ages

## Photos from the day of the Plant Sale

It was a cold wet day but our volunteers still managed a record breaking result. More than 1500 plants went home with happy buyers.

## Pre Plant Sale during dividing and potting up

CPDHS volunteers met twice per week for three weeks leading up to the sale, to divide and pot up the plants that were donated by members and dug up by our volunteers from gardens of local donors. Here's a few photos from those days.

May 17, 2025

Some of our potting up volunteers on Dec 17. Hundreds of plant had been divided and potted up by that point.

May 10, 2025

May 5, 2025 - First batch of donor plants starting the potting up process

Because of a late starting Spring in 2025, many plants hadn't leafed out yet but they were in good shape by sale day. Plants that arrived for potting up by May 5<sup>th</sup>, all lined up down one side of our garden path. A few hundred came in the following weeks.
